

## ART

- Interpret environmental and man-made patterns and form
- Use impressed printing processes i.e. lino or foam squares, foil etc.
- Artist study – Brazilian artist

## D&T

- Investigate products and images to collect ideas
  - Develop one idea in depth
  - Record ideas using annotated diagrams
  - Use found information to inform discussions
  - Evaluate using technical vocabulary where known
- Consider and explain how the finished product could be improved
- Evaluate taste, texture, smell and appearance of a range of foods
- Taste a range of ingredients to develop a sensory food vocabulary for use when designing
  - Weigh and measure using scales
  - Show awareness of a healthy diet
